

UPPER GOLDEN HILL - ALTERNATIVE 5

ADVANTAGES

- Improved safety relative to At-Grade Alternative 2
- Enhanced safety by eliminating need for traffic signal on TCH
- Better traffic operations from improved grade on TCH
- Facilitates pedestrian / bicycle traffic over TCH
- Less circuitous than other Grade-Separated Alternatives
- Improved grades on Golden Donald Upper Road and LaFontaine Road Connector

DISADVANTAGES

- Requires significant private land on south side of TCH
- High cost because of additional land requirements
