

UPPER GOLDEN HILL - PREVIOUSLY CONSIDERED ALTERNATIVES

ALTERNATIVE 1 - OVERPASS

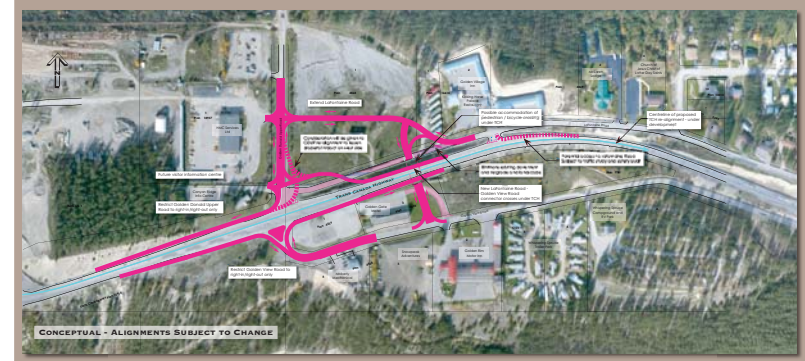

ADVANTAGES

- Improved safety relative to At-Grade Alternative 2
- Enhanced safety by eliminating need for traffic signal on TCH
- Better traffic operations from improved grade on TCH
- Facilitates pedestrian / bicycle traffic under TCH
- Provides opportunity for wildlife mitigation

DISADVANTAGES

- Circuitous for North Bench residents
- Requires some private land
- Moderate to high cost

ALTERNATIVE 1A - OVERPASS*

ADVANTAGES

- Improved safety relative to At-Grade Alternative 2
- Enhanced safety by eliminating need for traffic signal on TCH
- Better traffic operations from improved grade on TCH
- Facilitates pedestrian / bicycle traffic under TCH
- Provides opportunity for wildlife mitigation
- Provides direct access to Visitor Information Centre and removes deceleration maneuver from TCH

DISADVANTAGES

- Circuitous for North Bench residents
- Requires some private land
- Moderate to high cost

ALTERNATIVE 2 - AT-GRADE

ADVANTAGES

- Better traffic accommodations from improved grade on TCH
- Low to moderate cost

DISADVANTAGES

- Poorer safety relative to Grade Separated Alternatives
- Traffic operation and safety concerns associated with future traffic signal at grade on TCH
- Requires some private land
